

**ARGYLE PRIMARY SCHOOL
EARLY CHILDHOOD
CENTRE**

Susan Ellis
SVG Helping Hands Inc.

21st April, 2011

Dear Mrs. Ellis,

The Argyle Primary School early childhood centre has been in operation for the past two years. Our mission statement is: The Argyle Primary School early childhood centre promotes a general working relationship with parents and the community to develop all students holistically and with respect for God. To help students forge a productive and useful life in society.

Our vision statement is: to cater for the needs of all students and the continued development of all teachers and an improved interpersonal relationship amongst Principal, staff, parents, students and the community as a whole.

The number of students currently are thirty (30) with a maximum holding capacity of forty (40). There are sixteen (16) girls and fourteen (14) boys. The age group is from three years old to four years old.

The daycare currently provides meals for daycare children and prepares the children for main stream school by teaching age appropriate lessons.

Yours sincerely,

Myrtle Jack
Principal
