Dear Susan,

Greetings to you and the Helping Hands Incorporated for coming to our assistance again in the donations of sleeping mats, children clothing, pampers, Pasta and children's educational toys .

Words can hardly express our heartfelt gratitude for your continuous support to our Early Childhood Education Centre. The items donated, came at an opportune time of great need, and we would like you to know that they will be used wisely for the benefit of our children.

Once again, we thank you and your organization for your generosity and we look forward to your continued support.

Best Regards.

Mrs. Anita Ralph
