

# Barrels for Vinsave

IN AN EFFORT to give back to their homeland, the members of SVG Helping Hands Inc continue to help organizations most in need.

The Organization, whose primary members are President Susan Child-Ellis, Treasurer Sally Regisford-Charleston and Secretary Natasha

Bullock-Odero from the Biabou and Calder areas, was established in 2009, and is headquartered in Sandiago California.

The organization, this month, made a donation of two barrels to the Liberty Lodge Boys Training School, one to Our Lady of Guadalupe Home for Girls and two to Vinsave.

Handing over the barrels filled with

**Sheron France-Charles hands over barrels to Vinsave Director Janice Fraser while excited children among a group of excited Vinsave pre-schollers.**

toiletries, clothes, food and educational materials among other goodies was local point person Sheron France-Charles.

She described the members of the non-profit organization as having a passion for children and helping the less fortunate. She also noted that their goal was to improve and support communities.

France-Charles also

noted that the year old SVG Helping Hands Inc last year made donations to Our Lady of Guadeloupe for Girls and Liberty Lodge but felt that they needed to make contributions through Vinsave to help more children.

SVG Helping Hands Inc raises funds through different events and uses the monies to purchase materials and other good for those in need.
